John Bowring's death certificate spells the last name "Boring".

He was 55 years 26 days old when he died.

Article from The Clermont Sun, Batavia, Ohio, Wednesday, March 18, 1914:

John Boring Hangs Himself With A Rope Early This Morning Causes Despondency.

Considerable excitement was caused at Bethel this morning when the news was circulated that John Boring had taken his life. He got up about 5 o'clock this morning, started a fire in the kitchen stove and then went out to the wood shed as was his custom, to spilt wood. After a short time his wife arose, prepared the morning meal and went to the wood shed to call her husband in to breakfast. Upon opening the door she was shocked when she beheld her husband's lifeless body hanging to a rafter in the shed. He had procured a rope with which he committed the horrible deed.

Boring was a day laborer, poor but honest and had worried of late over the fact that he was unable to meet his financial obligations. This is supposed to be the cause of his rash act. He was 55 years of age. He is survived by a widow and four children, one son and three daughters. His home was near the C. G. & P. station in Bethel.

John Bowring's death certificate spells the last name "Boring".

Marriage Notes for MAY BOWRING and CLARENCE WATSON:
I got Offie & May's marriage record at the Clermont County Probate Court, there are a lot of mistakes on it. May's last name is spelled "Borien" and it should be Bowring, May's mother's name is written "Ella" and it should be Zella, her birth date is March 7, 1883, and it should be March 26, 1884, Offie's birth date is June 27, 1884 and it should be June 15, 1885. They also have May's father's last name as "Borien" and it is Bowring.

I remember both Offie and May (my great-grandparents). They did not live together for years, but remained married until their deaths.
